3. PROJECT AND INITIATIVE UPDATES

Fayette County

Keith updates:

- *Legacy Kentucky Horse Park*– Under construction to be completed end of summer.
 - *Gainesway Trail* – Construction starting in June.
 - *Rose Street Bike Lane* – Opened Bids and accepted to start in June.
 - *Town Branch Trail Phases 4 and 5* – Moving along with design plans have been submitted to the railroad.
 - *Clays Mill Rd* – Wrapping up construction bike lanes in place and look good.
 - *Loudon Ave Sidewalks*- Plans complete waiting for notice to proceed from the office of local programs.
 - *Hope Center Trail* – Property transfer moving right along.
 - *CMAQ Grant Awards 2015*- We have all or most of the agreements for the grants.
- *Refer to the project status report for other updates**

Scott Updates:

- *Bike lane striping projects* – Cooper Dr sharrows from Sportmans Dr to Chinoe are installed with white edge line at 10'. Meeting with CM Farmer to discuss design type for

Chinoe next month. Coordinating with Streets and Roads on repaving projects to include bike lanes as a part of repaving projects. Alumni Dr from Chinoe to Tates Creek is the new resting place for the separated bike lane pilot project. A Bell Engineering has been selected and will begin design soon.

Jessamine County

Jessamine County Bike and Pedestrian School Connector Study – The second and final public meeting took place last week and Strand is working to complete the Draft report for the study. The stake holder group will meet in the coming weeks to score the projects for implementation.

Lexington Area Metropolitan Planning Organization

- *Bike & Pedestrian* – BPMP update KYTC has a signed contract waiting for signatures contract back from LFUCG. RFP in development.
- *Pedestrian Safety Campaign*– Speed limits have been lowered to 25mph on city owned streets and public safety messages have begun.
- *Data Collection* – Bike Lexington Challenge is complete. We had 250 Participants that road a total of 18,000 miles traveled. We will begin retrieving data from the trips and surveys about 6 weeks after the event has closed. Please continue to log your rides as we are still collecting data from the web site. WE have the platform for a year and hope to complete another challenge in the fall or winter months. We hope to partner with the local universities for the future bike challenges. We are continuing conversations with placemeter for a pilot project for data collection of bikes, pedestrians and vehicles by classification.
- *General MPO*- Transit Bus Stop inventory starting in early June. Lextran has moved to their new facility.

Kentucky Transportation Cabinet Updates

- Nothing to report.

University of Kentucky Updates

- Rose St, Woodland and part of Bufford Ct great connections to UK and we are excited for the working partnership between the University and the City. AOC closed to vehicular traffic however the bike and pedestrian connections will be maintained during the closure. UK is repeating the bike voucher program this year by offering \$400 vouchers in exchange for not buying a parking pass for 2 years. Students faculty and staff can fill out an application for 1 of the 100 applications available. UK interactive bike map is really close to complete.

Pedestrian Advocacy

- Pedestrian Safety Work Group – Pedestrian safety meeting was cancelled this month. Buckhorn Alumni Sidewalks and intersections improvements are being evaluated.
- UK has some interest in the Limestone Upper convergence and getting pedestrians across safely.
- Limestone and Loudon pedestrian signals are in operation

New Business

- Nomination for BPAC chair and Vice Chair in August
- No July meeting
- September meeting in Jessamine County

- Discussion of the North Broadway Bike lanes comments from Dave Cooper. Dave Elbon has asked if we can request the state to review and add additional signage to improve safety.

NEXT BPAC MEETING

- Email any agenda items to pthompson2@lexingtonky.gov
